### PERSONAL STATEMENT

A multi-skilled, results driven full stack developer with a thirst for knowledge and a constant search for new digital skills and techniques. Completed a rigorous, in-depth coding boot camp to gain skills as a full stack developer.

My GitHub projects have given me an excellent place to practise my coding, and SEO skills in a low-risk environment before applying them to a new professional career. HTML, CSS, and JavaScript are among the basic technical abilities that have been acquired.

### EDUCATION AND QUALIFICATION

**Full Stack Developer** **2021-Present**  
**Black Codher Bootcamp**  
Niyo Enterprise Ltd

- Undergone a coding boot camp where I'm required to create and present a side project to demonstrate my programming abilities available on my Github.
- Technical programming skills include HTML, CSS, Javascript, REACT, NODEjs, ,MONGO , SQL

**Bachelor of Science: Biochemistry** **2018-2021**  
**University of Essex**  
**Achieved 1<sup>st</sup> Class Deans List of Excellence**

#### Modules Year 3

Research Project In life Science	64%
Structural and Molecular Enzymology	87%
Mechanism of Neurological Disease	64%
Molecular Basis of Cancer	70%
Cell Signalling	76%
Human Molecular Genetics	59%

#### Modules Year 2

Metals in Biology	80%
Human Metabolism	77%
Protein and Macromolecular Assemblies	75%
Genome science	75%
Molecular Biology: Genes, Proteins and Disease	75%
Cell Biology	69%
Protein Bioinformatics	55%

#### Modules Year 1

Molecular and Cell biology	75%
Biochemistry of Macromolecules	78%
Inorganic and Physical Chemistry	68%
General and Organic Chemistry	66%
Microbiology	61%
Genetics and Evolution	54%

### Front-End skills

- HTML
- CSS
- JAVASCRIPT
- REACT

### Back-End Skills

- NODE.JS
- MONGO
- SQL

### Miscellaneous skills

- Git
- Keyword research
- Data analytics
- Optimizing tags and titles
- Basic skills in R.
- Excellent in skills in bioinformatics using software such as PyMol, Modeller, Haddock
- Microsoft Office

### Soft skills

- Empathy
- Communication
- Teamwork
- Approachable and Helpful
- Patient
- Problem solving
- Independent
- Leadership
- Accountability
- Creativity
- Time management

### Language

- English Fluent
- Italian Fluent

### Hobbies

- Peer mentoring at University
- Part of the origami team
- Cheerleading team
- Part of the volley ball team

Chemistry	B
Biology	C
Maths	C

**GCSE: 11 A-C including English and maths**  
**Norbury Manory Business and enterprise**

**2011-2016**

## **WORK EXPERIENCE**

---

### **PRIVATE DENTAL PRACTICE** **RECEPTIONIST**

**09/2019 -Present**

- Greeting and welcoming patients to the practice.
- Dealing with calls and emails regarding treatments, rescheduling or cancelling appointments, dental emergency, appointments, dealing with enquiries such as costs, chasing payments and sending out reminders for routine check-ups and hygiene or any further dental treatments.
- Delivering an exceptional level of service and care to each patient by listening to patient's concerns, expectations and answering questions.
- General administration tasks such as photocopying, scanning and filing (e.g. consent forms for orthodontic and cosmetic treatments) into patients' notes, faxing, and managing other phone enquiries.
- Managing dental records by scanning and digitising several confidential patient's records, organising the files with SOE EXACT software. Patient's notes then disposed as per practice confidentiality policy.
- Referring patients to other specialists
- Updating patient's record and medical history, recent treatments and procedures in computer system.
- Ensure that the practice is closed.

### **SELF EMPLOYED** **TUTOR**

**01/2017- Present**

- Deliver high quality personalised maths teaching each week.
- Prepare relevant maths materials to improve on students numeracy skills.
- Assisting students with their school homework and other coursework
- Teach students basic classroom skills such as note-taking, studying and test –taking.
